GALA CLEANER BASIC

Welding cleaning machine

Ref.: 52500000

Código: FT52500000V2

Fecha: 11-10-22

150
W

Cleaner

TIG

Description:

Portable equipment of simple and safe use for the cleaning of welded surfaces by means of the application of acids and hydrolysis on the weld seams.

Use:

Cleaning of all welded surfaces, especially for TIG welds on stainless steel.

Main advantages:

- Compact, lightweight and user-friendly concept. "Plug-and-play concept".
- Graphite brush for better electrical conductivity in the cleaning surfaces.
- Storage case to keep the machine, tools and chemical products.
- Resettable short circuit safety system. (5A).
- Thermal protection to protect against overheating.
- A single liquid to clean and protect the surface.

GENERAL CHARACTERISTICS

Power supply voltage U ₁ (50-60hz)	230 V ± 10%
Output Voltage	12V
Maximum power P _{1max}	150 W
Mechanical protection index (IP)	IP 21
Dimensions: width x height x length (mm)	240x150x175 mm
Weight	5Kg

According to community low voltage directive 2006/95/CE.

SPARE PARTS GALA CLEANER BASIC
